Advanced Interventional Technologies

1. Atraumatic Nitinol loop with gold-plated tungsten for highest visibility
2. Pre-shaped MP Tip eases navigation
3. Shapable introducer to ease navigation & gain performances
4. **AndraTec** Supportive sleeve avoids kinking when manipulating
5. Luer Connector
6. Extra XXL torque device to ease manipulation
7. One piece kink-resistant wire enhances 1:1 torque for better manipulation
8. Radiopaque platinum inner Marker Ring ensures nearest positioning of introducer

The **Exeter Snare & Exeter Snare Micro** have been especially designed to meet the high requirements during extraction.

The **Exeter Retrieval Technology** is your first choice safety device when it comes to successful retrieval.
